DOCUMENTARY PROOF OF ORIGIN FOR TEXTILE AND CLOTHING PRODUCTS (DPO)

This notice sets out the documentary proof of origin (DPO) requirements for the imports of textile and clothing from ALL Countries outside the European Community (EC) on entry into free circulation. It replaces all earlier notices.

2. Table A at the end of this notice lists DPO requirements for imports of textile and clothing products falling to tariff chapters 50 to 63 of the EU Common Customs Tariff. DPO requirements are specified in Council Regulation (EC) No. 1541/98 as amended by Commission Regulation (EC) No. 209/2005 (Official Journal, L202, 18.7.98 & L34, 8.2.05) They are separate from any import licensing requirements necessary for importing textile and clothing products, currently only North Korea, Belarus and Uzbekistan.

Low Value Imports

3. As a result of changes to Customs legislation DPO is not required for goods of a value of £120 or less.

4. There are two types of documentary proof of origin, certificates of origin (Note A) and evidence of origin (Note B).

Note A - CERTIFICATE OF ORIGIN

5. To import certain textile and clothing products importers must be in possession of an original certificate of origin, or one of the certificates mentioned at the end of this paragraph, covering the goods to be imported. The certificate must conform to the conditions set out in the Community Customs Code in that it shall:

- i be made out by a reliable authority or agency, usually a chamber of commerce, duly authorised for that purpose by the country of issue,
- ii certify unambiguously that the product to which it relates originated in a specific country and
- iii contain all the particulars necessary for identifying the product to which it relates, in particular, the name of the consignor, the number of packages, their nature, and the marks and numbers they bear, the type of product, the gross and net weight of the product.

Preferential certificates of origin (preferential movement certificates such as EUR1, EUR2, GSP Form A and invoice declarations issued for claiming a preferential rate of duty, etc) are equally acceptable. A textile certificate of origin is acceptable DPO for Belarus, Russian Federation, Serbia and Uzbekistan.

Note B - EVIDENCE OF ORIGIN (including invoice declaration)

6. The following types of evidence are acceptable from all countries.

- i A certificate of origin conforming to the conditions set out in Note A above.
- ii Invoice declarations corresponding with the approved wording of EC Regulation (EC) No. 1541/98 as follows:

"The exporter/supplier of the products covered by this invoice/document hereby declares that, except where otherwise indicated, these products are of origin within the meaning of the rules in force in the European Community.

Done at*, on.....".

* This is the country in which the declaration was drawn up.

This must be followed by the name and address of the exporter or supplier and handwritten signature of the person authorised. This statement can be made on **any** commercial document.

7. Whether a certificate or evidence of origin is required depends on the textile category.
